

Director of Development

**Katherine
Cáceres**

Introduction:

Hello all, my name is Katherine Cáceres I am an accounting major and this is my second semester at CSULB. I have been with ALPFA for the past two semesters, primarily involved this current semester. ALPFA has provided me with a second family. From members on the board to peers who are members, everyone has been warm, welcoming, and encouraging. For those reasons, I would like to give back to you all by running for Director of Development and helping you all further develop professionally and as individuals.

Qualifications:

Over the past two semesters at CSULB, I have also been a part of the Accounting Society and the Public Relations committee for BAP&AS, aside from being a member of ALPFA. I have connected with various professionals and past CSULB alumni who have succeeded in achieving their professional goals. In forming such connections, I have developed not only soft skills needed professionally, but I also have developed as an individual.

Vision:

As Director of Development, I would like to help our members further develop themselves. It is of great importance that each member of ALPFA realizes their potential and understands there are always more opportunities for growth and development. It is my vision and goal to help you all, as I have been helped.
