

Empowering Latino Leaders

MARIE BAROUDI

PRESIDENT

INTRODUCTION

I am excited to be running for your President for the Spring 2019 semester. This ALPFamilia has taken such great care of me since the start of my involvement two years ago. I have met so many people along the way that have helped me in my personal and professional growth, and I would not be where I am today without their guidance. I want to provide the same respect and kindness I've received back to the community that has fueled my growth.

QUALIFICATIONS

I had the pleasure of serving as your Director of Communications in Spring 2018, and your Vice President this Fall 2018. I have gained valuable experiences interacting with professionals, members, and different chapters. Over the semesters I've been involved in going to all of our meetings and socials and participating in outside events like the ALPFA Symposium, OC Summit, and the Women of ALPFA events. I've developed relationships with the students and professionals at these events and I plan on utilizing those relationships in planning for a successful Spring 2019 semester.

THE FUTURE OF ALPFA

The main purpose of ALPFA is to empower and develop men and women from underrepresented backgrounds to be leaders. I want to ensure that everyone knows of and takes advantage of the benefits and resources ALPFA provides. This organization has become my family, and as my family I want to support it, nurture it, and see it grow in strength. ALPFA is not for one major, or one type of person. I want to stress the importance of gaining diverse membership and professional outreach to enable every family member to have an outlet to exciting opportunities in their careers.
