

# Antonio Valdespino

Vice President

Spring 2020

## **Introduction:**

My name is Antonio Valdespino and I am running as the Spring 2020 Vice President. I am also an accounting major with the hope of graduating this upcoming semester. I have been an active member of ALPFA for three semesters. The CSULB ALPFA chapter has provided me a positive atmosphere on campus that has helped me grow both as a student and a professional.

## **Qualifications**

I have been fortunate enough to be a part of the board for two prior semesters as the director of operations for spring 2019 and the treasurer for fall 2019. I have had the opportunity to participate on the board at various levels which has helped me recognize all of the efforts required to continue the rapid growth our chapter has seen in the last year. This semester as the current treasurer, I have been involved in coordinating the events/planning needed to support the President and VP. These growing responsibilities I've had with ALPFA have not only given me the knowledge needed to be a leader but also the confidence it takes to be one.

## **Future Goals**

My experience as a transfer student at CSULB would not have been as great as it has been if it weren't for ALPFA. I have formed new friendships and an incredible network of professionals through my involvement with ALPFA. As I've mentioned before, our chapter has begun to grow rapidly on campus and it could not have been without all of our members who've maintained the positive atmosphere has provided since I've first joined. There is nothing in the future that I would like to change about our chapter, instead all that I plan for in the future for ALPFA regardless of the level of involvement I may have, I plan to nourish the current environment we have so that it is possible for future students to share my experience.
