

ANTONIO VALDESPINO

DIRECTOR OF OPERATIONS
SPRING 2019

INTRODUCTION

I am excited to be running as a candidate for the Director of Operations Spring 2019. My first encounter with ALPFA was during the first week of school when some of the current board members were handing out flyers and was invited to come experience a student organization that felt like a family. Attending the various ALPFA workshops and professional events throughout the fall semester have been a great way for me to develop my professional skills and build new friendships. By running for the board, I wish to maintain and further expand the delightful experience I've had with the ALPFAmilia with the future members that are yet to come.

QUALIFICATIONS

- As a part of the history club at Long Beach City College, I assisted with planning guided museum tours and catering on campus events.
- I help plan and cater an Annual Christmas Toy drive "Toy soldiers" at Hollywood Sports Park. We host an all day paintball game with food provided by me in exchange for sealed toys that will be given to low income families.
- Being involved with organizing paintball events growing up, I've developed strong team working skills and truly enjoy working alongside others sharing the same goals in order to create the best end result.

THE FUTURE OF ALPFA

In the event that I am elected as the Director of Operations, my number one priority is to perform duties bestowed upon me to the best of my abilities and assist the other board members in achieving their goals. Our current DOD Elia has done a great job of creating a spreadsheet that logs the food expenses in order to help the treasurer handle the budget, I plan on continuing this practice so that Elia Taase's efforts of improving our budget remain as a permanent part of ALPFA in the years to come.
