Vice President

Introduction

Hola **ALPFA**milia! I am excited to be running for the Fall 2019 Vice President position. I've been a part of ALPFA since I transferred to CSULB three semesters ago. Since then I've been the Co-Chair for Special Events and Director of Communications. As Director of Communications, I introduced the newsletter and a brochure in order to showcase what ALPFA is all about. Through my involvement in the org and my attendance at the 2018 ALPFA National Convention last summer, I've been able to witness how big ALPFA is nationally and the impact it can have in your career.

Goals & Vision

1. Expand our professional network

By attending the 2019 ALPFA National Convention, and ALPFA LA and OC events I will build more connections to expand our org's professional network.

2. More socials

I want to continue Loteria Night and Paint Night, and introduce a Thanksgiving Dinner Mixer and a Secret Santa. These socials will allow our members to find a support system and get to know each other.

3. Sponsorship and fundraising

I will also work closely with the President to bring sponsorship to the org and come up with ways to fundraise money.

4. Support the board

Not only will I focus on achieving all the duties that being Vice President entails, I will make sure to be there for the rest of the board in order to make it a successful semester.

ALPFA has given me so much, and I want to provide our members with the same opportunities and support that was given to me. Thank you for your time and consideration!
