TREASURER

SPRING 2020

INTRODUCTION

I am esteemed to be running as your spring 2020 treasurer. I am extremely grateful to have been a part of the ALPFamilia since spring 2019. My passion for this organization began right after the ALPFA Convention, where I met various like-minded individuals from different chapters. This convention was much more than job opportunity for me; it was more about the experience. I learned so much about myself and others that I became an advocate for ALPFA. And now, I want to be much more if given the opportunity.

QUALIFICATIONS

This fall semester I was the treasurer for the Women's Soccer Club on campus. As their treasurer, I managed membership dues and regulated both of our accounts by projecting expenses for the coming season. In addition, I coordinated sponsorships and served as the main liaison between the team and our suppliers. I understand the ASI rules that correspond with the role of a treasurer. Furthermore, I feel ready and capable to take on this position.

GOALS

The many opportunities and lifelong friendships provided by ALPFA are what drive my goals and ambitions for the organization. I felt lost in my major, but through ALPFA – mentors, members, stories, etc. I discovered the multiple paths and different variations. I want to provide other members with this experience, which will ultimately lead to their success. I will strive for the success of our organization, but as well for each individual member.
