

Wilfredo Landaverde  
Treasurer  
Fall 2019

## Introduction

I am excited to be running for Treasurer of ALPFA for the Fall 2019 semester. ALPFA has been such a great organization to me and I am so happy to have met so many people that are helpful, friendly, and nice to be around with. This being my first semester at ALPFA, I can truly say that it has felt like a family. I have enjoyed being part of this family and I want to take the next step and be more involved by being on the Board of Directors as its Treasurer.

## Qualifications

Ever since I started college, everytime I get financial aid, I prepare budgets and try to manage costs as well as I can. I am very organized when it comes to money and I have been able to end up with more money than I had originally started with. I would like to manage the finances of ALPFA in the same way. I was also part of the fundraising committee and I would like to organize fundraising events.

## Goals

As treasurer, I hope to benefit ALPFA as much as possible financially. I want to work together with the Director of Community Outreach and go to high schools to talk to students about ALPFA. I care deeply about the importance of introducing ALPFA to as many people as possible, and I am committed to achieve that. For the Fall 2019 semester, I would like to collaborate closely with the fundraising committee and have a variety of fundraisers throughout the semester. I also want to assist the Director of Operations with food expenses in the best way I can.
